TODO 💥 ?

☑ Finish this list
☑ Update link for the *real resource* that should get linked to
☑ Update all my README.md to add nice badges

Issues 💦

☐ Smaller size (badge size) for some ForTheBadge.com badges? (with-science, winter-is-coming, made-with-python, all the creative-commons)

Possible TODO? 🛏

☐ Download here a copy of every png/svg file, *only* for the static badges
☐ Host the badges in this repo, and not on an external web service ?
